X	Nav Jeevan Mission School	Central Board of Secondary Education	2019	62%

PROJECTS		2026
Procurement & Vendor Performance Analytics Dashboard	Developed an analytics dashboard using Microsoft Excel and Power BI to evaluate procurement performance and vendor efficiency by analyzing purchase orders, lead time, on-time delivery, procurement cost, and vendor ratings. Created interactive KPI dashboards to identify cost-saving opportunities, monitor supplier performance, and support data-driven procurement decisions.	
Vendor Invoice Reconciliation Management Dashboard	Developed a reconciliation dashboard using Microsoft Excel and Power BI to automate the matching of Purchase Orders (PO), Goods Receipt Notes (GRN), Vendor Invoices, and Payments. Identified duplicate invoices, quantity and price mismatches, pending payments, and reconciliation exceptions through interactive dashboards, improving financial accuracy and reporting efficiency.	
Mini Project on JerseyKart – Customized Sports Jersey Platform	Developed a Framer-based website prototype for an online customized sports jersey platform, enabling users to personalize jerseys with names, numbers, and team logos. Conducted market research and designed the platform for a seamless online ordering experience. Live Demo: https://jerseykart.framer.website/
